Journal of Ethnopharmacology, 35 (1992) 301–303
Elsevier Scientific Publishers Ireland Ltd.

Subject Index

Volume 35 (1991/1992)

accessory reproductive organ weights, β-sitosterol, caput epididymis, fertility, sperm counts, 149
Aconitum, pyroaconitines, analgesia, toxicity, antiinflammatory, Kako-bushi-matsu, 159
administrative routes in mice, brucine, lethality indices, convulsive indices, homicide potential, *Strychnos* alkaloids, 295
alkaloids, *Nauclea latifolia*, antimicrobial, 91
ambrein, hypoglycemia, diabetic animals, 145
analgesia, pyroaconitines, toxicity, antiinflammatory, *Aconitum*, Kako-bushi-matsu, 159
Anatolian folk medicine, Turkish folk medicine, folk medicine in Turkey, traditional medicine, 191
anatomy, essential oil, *Origanum cordifolium*, endemic of Cyprus, 115
animal, Shankhapushpi, phenytoin, interaction, epilepsy, MES, Ayurvedic, 285
anti-infective agents, antimicrobial screening, folk medicine, 275
anti-scabies activity, Rwandese traditional medicine, 259
antiamoebic, bee products, propolis, antimicrobial, antiinflammatory, antipyretic, 77
antibacterial activity, harmine, harmaline, *Peganum harmala*, dermatophytes, 289
antibacterial activity, *Mirabilis jalapa*, traditional medicine in Zaire, 197
anticonvulsion, sedation, hypothermia, Periostracum Cicadae, 83
antiinflammatory, bee products, propolis, antimicrobial, antipyretic, antiamoebic, 77
antiinflammatory, pyroaconitines, analgesia, toxicity, *Aconitum*, Kako-bushi-matsu, 159
antimalarial agent, *Azadirachta indica*, toxicity, chicks, clinicopathology, 267
antimicrobial, bee products, propolis, antiinflammatory, antipyretic, antiamoebic, 77
antimicrobial, Bignoniaceae, *Kigelia*, iridiods, 173
antimicrobial, *Nauclea latifolia*, alkaloids, 91
antimicrobial activity, *Picea abies* L., pine shooots, essential oil, pine needle oil, 155
antimicrobial screening, anti-infective agents, folk medicine, 275
antipyretic, bee products, propolis, antimicrobial, antiinflammatory, antiamoebic, 77
Ayurvedic, Shankhapushpi, phenytoin, interaction, epilepsy, MES, animal, 285
Azadirachta indica, Meliaceae, (ethno)pharmacology, review, limonoids, chemistry, 1
Azadirachta indica, toxicity, chicks, antimalarial agent, clinicopathology, 267

bee products, propolis, antimicrobial, antiinflammatory, antipyretic, antiamoebic, 77
Bignoniaceae, *Kigelia*, antimicrobial, iridiods, 173
brucine, lethality indices, convulsive indices, administrative routes in mice, homicide potential, *Strychnos* alkaloids, 295

caput epididymis, β-sitosterol, accessory reproductive organ weights, fertility, sperm counts, 149
cardiac glycosides, *Digitalis*, history, topical preparations, overdosage, transdermal movement, 99
chemistry, Meliaceae, *Azadirachta indica*, (ethno)pharmacology, review, limonoids, 1
chicks, *Azadirachta indica*, toxicity, antimalarial agent, clinicopathology, 267
clinicopathology, *Azadirachta indica*, toxicity, chicks, antimalarial agent, 267
comparative study, essential oil, *Teucrium* species, Cyprus, traditional medicine use, 105
convulsive indices, brucine, lethality indices, administrative routes in mice, homicide potential, *Strychnos* alkaloids, 295
Copelandia spp., psychoactive fungi, *Psilocybe* spp., psilocybin, Hed Keequai, Koh Samui, mushroom omlettes, 205
curative properties, Mexico, medicinal plants, tropical plants, mode of use, 229
Cyprus, essential oil, comparative study, *Teucrium* species, traditional medicine use, 105

dermatophytes, harmine, harmaline, *Peganum harmala*, antibacterial activity, 289
development procedure, traditional medicine, requirements for quality, efficacy and safety, 179
diabetic animals, hypoglycemia, ambrein, 145
Digitalis, history, topical preparations, overdosage, cardiac glycosides, transdermal movement, 99

endemic of Cyprus, anatomy, essential oil, *Origanum cordifolium*, 115
epilepsy, Shankhapushpi, phenytoin, interaction, MES, animal, Ayurvedic, 285
essential oil, anatomy, *Origanum cordifolium*, endemic of Cyprus, 115
essential oil, comparative study, *Teucrium* species, Cyprus, traditional medicine use, 105
essential oil, *Picea abies* L., pine shooots, pine needle oil, antimicrobial activity, 155
(ethno)pharmacology, Meliaceae, *Azadirachta indica*, review, limonoids, chemistry, 1

fertility, β-sitosterol, accessory reproductive organ weights, caput epididymis, sperm counts, 149
folk medicine, antimicrobial screening, anti-infective agents, 275

folk medicine, south Brazil, medicinal plants, mutagenic activity, 165
folk medicine in Turkey, Turkish folk medicine, Anatolian folk medicine, traditional medicine, 191

harmaline, harmine, *Peganum harmala*, antibacterial activity, dermatophytes, 289
harmine, harmaline, *Peganum harmala*, antibacterial activity, dermatophytes, 289
Hed Keequai, psychoactive fungi, *Psilocybe* spp., *Copelandia* spp., psilocybin, Koh Samui, mushroom omlettes, 205
history, *Digitalis*, topical preparations, overdosage, cardiac glycosides, transdermal movement, 99
homicide potential, brucine, lethality indices, convulsive indices, administrative routes in mice, *Strychnos* alkaloids, 295
hypoglycemia, ambrein, diabetic animals, 145
hypoglycemic activity, *Pterocarpus marsupium*, 71
hypothermia, anticonvulsion, sedation, Periostracum Cicadae, 83

interaction, Shankhapushpi, phenytoin, epilepsy, MES, animal, Ayurvedic, 285
Ipomoea pes-caprae, jellyfish venom, Thai traditional medicine, 65
iridiods, Bignoniaceae, *Kigelia*, antimicrobial, 173

jellyfish venom, *Ipomoea pes-caprae*, Thai traditional medicine, 65

Kako-bushi-matsu, pyroaconitines, analgesia, toxicity, antiinflammatory, *Aconitum*, 159
Kigelia, Bignoniaceae, antimicrobial, iridiods, 173
Koh Samui, psychoactive fungi, *Psilocybe* spp., *Copelandia* spp., psilocybin, Hed Keequai, mushroom omlettes, 205

lethality indices, brucine, convulsive indices, administrative routes in mice, homicide potential, *Strychnos* alkaloids, 295
limonoids, Meliaceae, *Azadirachta indica*, (ethno)pharmacology, review, chemistry, 1

medical plants, Somalia, traditional medicine, 25
medicinal plants, folk medicine, south Brazil, mutagenic activity, 165
medicinal plants, Mexico, curative properties, tropical plants, mode of use, 229
Meliaceae, *Azadirachta indica*, (ethno)pharmacology, review, limonoids, chemistry, 1
MES, Shankhapushpi, phenytoin, interaction, epilepsy, animal, Ayurvedic, 285
Mexico, medicinal plants, curative properties, tropical plants, mode of use, 229
middle Paleolithic, Neanderthal man, Shanidar IV, paleopalynology, phytopharmacologcal analysis, 263
Mirabilis jalapa, antibacterial activity, traditional medicine in Zaire, 197
mode of use, Mexico, medicinal plants, curative properties, tropical plants, 229
Morocco, traditional medicine, traditional pharmacopoea, 123
mushroom omlettes, psychoactive fungi, *Psilocybe* spp., *Copelandia* spp., psilocybin, Hed Keequai, Koh Samui, 205
mutagenic activity, folk medicine, south Brazil, medicinal plants, 165

Nauclea latifolia, antimicrobial, alkaloids, 91
Neanderthal man, middle Paleolithic, Shanidar IV, paleopalynology, phytopharmacologcal analysis, 263

Origanum cordifolium, anatomy, essential oil, endemic of Cyprus, 115
overdosage, *Digitalis*, history, topical preparations, cardiac glycosides, transdermal movement, 99

paleopalynology, middle Paleolithic, Neanderthal man, Shanidar IV, phytopharmacologcal analysis, 263
Peganum harmala, harmine, harmaline, antibacterial activity, dermatophytes, 289
Periostracum Cicadae, anticonvulsion, sedation, hypothermia, 83
phenytoin, Shankhapushpi, interaction, epilepsy, MES, animal, Ayurvedic, 285
phytopharmacologcal analysis, middle Paleolithic, Neanderthal man, Shanidar IV, paleopalynology, 263
Picea abies L., pine shooots, essential oil, pine needle oil, antimicrobial activity, 155
pine needle oil, *Picea abies* L., pine shooots, essential oil, antimicrobial activity, 155
pine shooots, *Picea abies* L., essential oil, pine needle oil, antimicrobial activity, 155
propolis, bee products, antimicrobial, antiinflammatory, antipyretic, antiamoebic, 77
Psilocybe spp., psychoactive fungi, *Copelandia* spp., psilocybin, Hed Keequai, Koh Samui, mushroom omlettes, 205
psilocybin, psychoactive fungi, *Psilocybe* spp., *Copelandia* spp., Hed Keequai, Koh Samui, mushroom omlettes, 205
psychoactive fungi, *Psilocybe* spp., *Copelandia* spp., psilocybin, Hed Keequai, Koh Samui, mushroom omlettes, 205
Pterocarpus marsupium, hypoglycemic activity, 71
pyroaconitines, analgesia, toxicity, antiinflammatory, *Aconitum*, Kako-bushi-matsu, 159

requirements for quality, efficacy and safety, traditional medicine, development procedure, 179
review, Meliaceae, *Azadirachta indica*, (ethno)pharmacology, limonoids, chemistry, 1
Rwandese traditional medicine, anti-scabies activity, 259

sedation, anticonvulsion, hypothermia, Periostracum Cicadae, 83
Shanidar IV, middle Paleolithic, Neanderthal man, paleopalynology, phytopharmacologcal analysis, 263
Shankhapushpi, phenytoin, interaction, epilepsy, MES, animal, Ayurvedic, 285
β-sitosterol, accessory reproductive organ weights, caput epididymis, fertility, sperm counts, 149
Somalia, medical plants, traditional medicine, 25
south Brazil, folk medicine, medicinal plants, mutagenic activity, 165
sperm counts, β-sitosterol, accessory reproductive organ weights, caput epididymis, fertility, 149

Strychnos alkaloids, brucine, lethality indices, convulsive indices, administrative routes in mice, homicide potential, 295

Teucrium species, essential oil, comparative study, Cyprus, traditional medicine use, 105
Thai traditional medicine, jellyfish venom, *Ipomoea pes-caprae*, 65
topical preparations, *Digitalis*, history, overdosage, cardiac glycosides, transdermal movement, 99
toxicity, *Azadirachta indica*, chicks, antimalarial agent, clinicopathology, 267
toxicity, pyroaconitines, analgesia, antiinflammatory, *Aconitum*, Kako-bushi-matsu, 159
traditional medicine, development procedure, requirements for quality, efficacy and safety, 179
traditional medicine, medical plants, Somalia, 25
traditional medicine, Morocco, traditional pharmacopoea, 123
traditional medicine, Turkish folk medicine, folk medicine in Turkey, Anatolian folk medicine, 191
traditional medicine in Zaire, antibacterial activity, *Mirabilis jalapa*, 197
traditional medicine use, essential oil, comparative study, *Teucrium* species, Cyprus, 105
traditional pharmacopoea, traditional medicine, Morocco, 123
transdermal movement, *Digitalis*, history, topical preparations, overdosage, cardiac glycosides, 99
tropical plants, Mexico, medicinal plants, curative properties, mode of use, 229
Turkish folk medicine, folk medicine in Turkey, Anatolian folk medicine, traditional medicine, 191
